

**2-24-15 RESOLUTION OF THE BOARD OF EDUCATION
SCHOOL DISTRICT OF OMRO
OMRO, WISCONSIN**

WHEREAS, Governor Scott Walker has proposed a one hundred fifty dollar (\$150.00) decrease per student in public school funding for 2015-16;

WHEREAS, this decrease results in a one hundred and ninety one thousand two hundred dollar (\$191,200.00) "base" cut to the School District of Omro;

WHEREAS, in addition to the year one (1) decrease of one hundred and fifty dollars (\$150.00) per pupil, Governor Walker's budget plan also includes no revenue limit per pupil increase;

WHEREAS, when factored together (base cut plus no inflationary revenue cap increase) the overall results in reductions in educational opportunities for public school children in Omro is compounded upwards toward five hundred thousand dollars (\$500,000.00);

WHEREAS, although the Governor indicated in his budget address on February 3rd that school revenues remained essentially flat, his budget plan actually imposes a one hundred fifty dollar (\$150.00) (\$127 million statewide) cut in the per-pupil special categorical aid in the first year of the biennium;

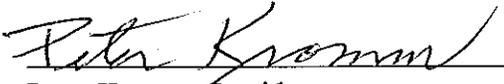

WHEREAS, this one hundred fifty dollar (\$150.00) per-pupil categorical aid was in the 2014-15 state budget base and expected in each year of the 2015-17 biennium to minimally keep pace with inflation;

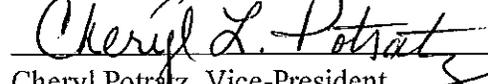

WHEREAS, even though the Governor proposes to add about \$142 million (about \$165 per pupil) to the per-pupil categorical aid in the second year of the biennium, the net result is a cut of approximately one hundred and thirty five (\$135.00) per pupil (\$112 million) over the biennium;

WHEREAS, in addition to the \$142 million in the per-pupil categorical in the second year of the budget, the governor also proposes spending \$211.2 million in increased school levy credits (\$105.6 million in each year) and \$108 million in increased general aid with no corresponding revenue limit increase; therefore, this \$319 million is "school funding in name only." It simply flows to taxpayers as property tax relief and schools cannot spend one dime of it on the educational needs of their students;

NOW, THEREFORE, BE IT RESOLVED, that the School District of Omro's Board of Education strongly encourages the Governor and State Legislature to revise the Governor's budget to restore school funding in 2015-17 to educationally adequate levels to include no decrease in year 1 anticipated revenue while also providing for inflationary revenue increases in both years.

IN WITNESS WHEREOF, the undersigned, being all of the members of the Board of Education for the School District of Omro, have executed this resolution this 24th day of February, 2015.

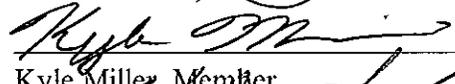

Peter Kromm, President

Cheryl Potratz, Vice-President

Robert Kettlewell, Treasurer
